Per our last transmission, there has been no application filed by Peak Materials with Summit County for Conditional Use Permits for a gravel mine. We have enough money in the bank to conduct a defense of our valley through the hearing stage before the Lower Blue Planning Commission. We will keep you posted if and when we will need more money. Donations can be made [HERE](#) online or by check. Thank you for your support.

By the way, it will be tough to mine gravel anyway if winter continues unabated! Here is my home in Acorn Creek on May 21. *John Fielder*
